WILL DISCUSS A NATIONAL ROAD FOR THE CITY

Commercial Club to Have Na-
tional Highway as Topic of
Meeting Tuesday Night;
Railroad Meeting on Docket

A national highway for Albuquer-
que. That will be the principal topic
of the Commercial club meeting Tues-
day night, the first meeting since the
political campaign put an end to
Commercial club activity more than a
month ago.

The club has been informed of the
bill introduced in the senate by Sen-
ator Cullon authorizing seven nation-
al highways, two of which are to end
in California. As planned in the bill,
there are to be seven roads, all center-
ing at various parts of the country. It
is planned to make the roads real na-
tional highways, roads of surpassing
excellence, connecting every section
of the country with the capital.
The club will probably endorse the
bill.

If such a road were built and the
club or any other agency could secure
it through Albuquerque, it would
bring an immense amount of traffic,
especially automobile traffic, and a
correspondingly large amount of
money into the city.

Another subject of discussion at
the meeting will be the gathering of
railroad men here next May which is
being agitated by A. C. Culver, a mem-
ber of the Brotherhood of Locomotive
Firemen and Engineers of this city.

STOLEN PROPERTY IS RECOVERED

Gold Watch and Chain Taken
from Trunk of Louis Giani-
ni Last Week Recovered at
Belen Yesterday.

The police today stated that the
gold watch and chain, the most valu-
able portion of the property stolen
from Louis Giani, a rooming house
proprietor of South First street, has
been recovered in Belen yesterday.
They also state that they have a
strong clue as to who committed the
burglary.

Giani's room, which faces on a
porch on First street, was entered
from the porch shortly after supper
Thursday night, and several certifi-
cates of deposit, one valuable watch
and chain and two other watches
were removed. The police thought
at the time that some person familiar
with the house had committed the
theft, and their clue bears them out
in his.

Lawrence Residence Entered.
The quick wit of a nursemaid, the
only grown person in the house, last
night prevented a burglary at the
residence of Seymour J. Lewinson,
620 West Copper avenue. Mr. and
Mrs. Lewinson were calling at the
house of a friend when the attention
of the nurse was attracted to two
men coming up the front stairs. She
called up the neighbors on the tele-
phone and the men, hearing her talk-
ing, left the house without making
anything. The police were notified,
but as the girl was unable to give
any description of the miscreants,
their work is made considerably more
difficult. No arrests have been made.

in Police Court.

In police court this morning, Judge
George R. Craig issued out sentences
of five days or dollars each to Oscar
Burke, Jose Palma and the diplomat
of that name, Trinidad Lucero and
Santiago Luna, on charges of drunk-
enness. S. Luna drew double that
sentence for a similar offense. Loei
Wiles drew a 10-day or dollar sen-
tence for disturbing the peace.

Chinese are Arrested.

Immigration Inspector M. G.
Browne returned from Willard last
night with two Chinese in tow, charged
with being illegally in the United
States. The Chinese have been turned
over to the United States marshal's
office here and will have a hearing
before Commissioner H. R. Whiting
this afternoon.

Salvation Army Service.

Wait thou not revive us again that
thy people may rejoice in thee, Pa.
85.6. We sometimes forget the im-
portance of religion to the prosperity
of a city and the country. George
Washington said in his farewell ad-
dress: "Morality can not be main-
tained without religion." In the
panic of 1807 the Wall Street Journal
said: "What this country needs is an
old fashioned revival of religion when
ever the farmers will quit their work
in time to take the whole family to
the midweek prayer meeting. Reli-
gion does not hinder but promotes ev-
ery legitimate business. The diligent
in business, fervent in spirit, serving
the Lord."

I frequently get letters from friends
asking about the new state and while
the Salvation Army is not in the
real estate business and receives no
financial remuneration, we do not
hesitate to recommend New Mexico
first for the finest and healthiest cli-
mate in the world; second, rich soil.
How can I promote a revival of re-
ligion and business, that is, love to
God and neighbor? First, get right
yourself and then help your neighbor.
Second, encourage your friends to
look at this country by sending pa-
pers, etc., that their lives may be a
success for two worlds.

There is no concern in the United
States that can give or will give you
better value in places than we can.
That is our claim and we sell people
who investigate our claims BEFORE
they buy elsewhere.—Raymond Linde-
mann Co.
